TOTAL	(57) 1954 - 2010	283	301	8	.485

The history and football records of the Perry High football teams were compiled by Dicky Erwin. Some information was given to him by individuals. Almost all of the information was found in the following references: The Houston Home Journal, The Macon Telegraph, and The Daily Sun. The places where these references were researched were the Perry Public Library in Perry, the Houston Home Journal office in Perry, the Washington Memorial Library in Macon, and the Nola Brantley Memorial Library in Warner Robins.

The webmaster of the Perry High football website <www.perrypantherfootball.com> is Tony Holder. He is responsible for compiling all the information on this website. Ellie Loudermilk has compiled all of the Perry High football history and records on the Perry High School website which is located on <www.hcbe.net> under Schools, High, then Perry High School then Athletics or Panther Football History.

While compiling the history and records, the value of accuracy was very important. So, when reading these records, you may see that a mistake has been made or additions or deletions should be made. If so, please contact Athletic Director and Head Football Coach Stacey Harden at Perry High School at stacey.harden@hcbe.net or (478) 988-6319 or (478) 988-6298, extension 21319.
