Hearing impaired students can American Sign Language to satisfy this requirement.
<b>Total</b>	<b>17 units</b>	<b>16 units</b>

In addition to completing 17 units of the required high school curriculum students seeking admission to research or comprehensive universities must also meet the Freshman Index and submit SAT or ACT test scores.

In 2004, the Board of Regents voted to waive test scores for admission to access institutions (two year colleges and state colleges) for a period of three years. At the end of the three years the Board will review the results of the pilot to determine if the waiver of test scores should become a permanent policy. The Board will notify GaDOE when a decision is made. Until such time, students seeking admission to an access institution are encouraged, but not required to submit SAT and/or ACT scores.
