Principal's Report

Dr. Thomas reported on recent achievement data from the CRCT: 98% in reading, 97% in math, 92% in science, and 89% in social studies. She was pleased with the results citing departmentalization as a key for this success and added that the faculty will be stressing science and social studies to bring up those scores in the future.

Remediation funds have been cut and as fundraising efforts have not met the budget, further efforts to raise money will be held. Dr. Thomas stressed that all teachers are making the effort to ensure students master the standards during the school day. She also noted that the percentage of students at QRE on free/reduced lunch status is climbing.

The dates for future meetings are: December 12th, February 9th and April 6th; School Council elections will be held at 5:00 p.m. on May 11th.
