

6th grade teachers 1st of year reminders Call-Out
8-24-10

Hello Tiger Parents,

The following is a message from your child's 6th grade teachers in an effort to ease the middle school transition. Parents, please check your child's agenda daily for upcoming assignments. Students will have math homework Monday through Thursday. In language arts, please have students study their "Daily Grammar Practice (or GPD)" in preparation of the weekly quiz every Friday. In science and social studies, students should study terms, definitions, and notes. Please know that your child's teachers are available to assist with any questions or concerns you may have.

Here at Thomson we believe the key to our student's success is You and Me...We value for the opportunity to work with you and your children as we focus on their continued academic success.

If you would like to review the script for this call-out please visit the TMS WebSite and click on the Parent Involvement tab.
