“Mrs. Mosteller tremendously helped me as a young teacher, when I learned right away that college had not prepared me for a classroom of eager second graders. Mrs. Mosteller taught me more my first few years than I learned in the four years of my undergraduate degree. While college taught me the fundamentals, she taught me the skills. She was one the greatest influences that I had, contributing to form me into the educator that I became.”

~Melanie Loggins, former student, teacher mentee and retired Principal

What a pleasant surprise to get to school and find that my teacher was so pretty - so sweet - and so kind (just like my mother). It was a great first year and I remember distinctly on the last day of school “Miz Mosteller” announced that we had all passed. Wow – what a relief and what an encouraging start to a wonderful and memorable educational experience in the Perry public schools.”
