THE MIDDLE SCHOOL PROGRAM

Students between the ages of 12-15 are undergoing many changes -- physical changes, social changes, emotional changes, and mental changes. The middle school recognizes these changes and provides a curriculum and a climate for students to move more easily from the elementary school to the high school. The subjects students learn are divided into two categories -- basic academic subjects and exploratory subjects.

The basic academic subjects are language arts, mathematics, social studies, and science. These subjects are taught in an academic block of time by a team of teachers. Students are assigned to a team for the school year. The teachers know the students and their capabilities and provide learning activities to meet the needs of the students on the team.

Students also take two exploratory subjects/connection blocks each nine weeks. The exploratory connection blocks give students an introduction to subjects they may wish to take in high school, help students begin looking at careers, or assist students in developing life and learning skills. Students will explore foreign languages, health and physical education, career/technology education, fine arts, and personal learning skills.

ARRIVAL/DEPARTURE

Students should not arrive on campus more than 30 minutes before the first bell and should leave campus not later than 30 minutes after the last bell unless participating in a school-supervised activity approved by the principal or designee of the principal.

ATTENDANCE

TO BE ELIGIBLE FOR PROMOTION TO THE NEXT GRADE, STUDENTS IN GRADES K-8 ARE EXPECTED TO ACHIEVE 95 PERCENT ATTENDANCE. STUDENTS WHO ACHIEVE 90-94 PERCENT ATTENDANCE MAY BE PROMOTED AT THE DISCRETION OF THE BUILDING PRINCIPAL IF:

- All absences are justified and validated as set forth in policy JBD
- Circumstances warrant
- All work is completed satisfactorily in a timely manner
- Academic achievement meets requirements for promotion

Students who achieve less than 90 percent attendance will not be promoted to the next grade. Parents of students affected by this rule may request a review of the circumstances. THIS REQUEST MUST BE MADE IN WRITING TO THE PRINCIPAL OF THE SCHOOL NOT LATER THAN FIVE (5) DAYS AFTER THE END OF THE SCHOOL YEAR. APPROPRIATE DOCUMENTATION SHOULD ACCOMPANY THE REQUEST. THE MATTER WILL BE ADJUDICATED AS OUTLINED IN THE MIDDLE SCHOOL PROCEDURES MANUAL.

Compulsory Attendance

Houston County School authorities, in cooperation with other county agencies, shall enforce the Georgia Compulsory Attendance Law, O.C.G.A. §20-2-690.1, Mandatory Attendance, which requires that every parent, guardian, or other person residing in the state having control of any school age child or children between the ages of 6 and 16 enroll and send such child or children to school. Further, all children enrolled for 20 school days or more in the public schools of Houston County prior to their SIXTH birthday shall become subject to all provisions of the law. All students missing more than 5 unexcused days in Georgia are declared as truant by law.

All Houston County students are affected by and fall under the provisions of our attendance protocol which is stated as follows;

Level I

Three (3) unexcused absences including unexcused tardies and early dismissals.
School staff will contact parents and document the contact. Contacts may consist of

e-mail, phone call, or teacher notification form.

Level II

Five (5) unexcused absences including unexcused tardies and early dismissals. School staff will notify parents of the truancy and request a conference with the parents to sign an Attendance Contract.

Level III

Eight (8) unexcused absences including unexcused tardies and early dismissals. School staff notifies Social Services Department; Social Services provides data to the court for judicial proceedings to begin.

Any parent, guardian, or other person residing in Georgia having control or charge of a child or children and violate GA Code Section O.C.G.A. §20-2-690.1 shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine of not less than \$25 and not greater than \$100, imprisonment not to exceed 30 days, community service, or any combinations of such penalties, at the discretion of the court having jurisdiction.

Excused and Unexcused Absences

Absence from school is classified as either excused or unexcused. Reasons established by the Georgia Board of Education as excused absences are set forth in this policy. Students may be temporarily excused from school and allowed to make up work when:

1. Personally ill and when attendance in school would endanger their health or the health of others. Excessive/extended absences due to illness must be justified by a physician's statement.
2. A serious illness or death occurs in their immediate family
3. Mandated by order of governmental agencies, including preinduction physical examinations for service in the armed forces, or by a court order;
4. Celebrating religious holidays observed by their faith;

NOTE: An excused absence does not mean the student is given credit for being at school. It means that the student may make up work missed during the excused absence.

Students should present a written excuse within three (3) days following an absence whether excused or unexcused. Failure to do so will result in the absence(s) remaining unexcused. Excessive/extended absences due to illness must be justified by a physician's statement.

Only students who have excused absences may make up work or tests missed. The following items should be specified and included on each written excuse:

1. The date the excuse is written
2. The date and day of the absence
3. Reason for the absence
4. Signature of parent or guardian

Upon returning to school, students should make up work missed within five (5) school days.

It is expected that each student will be regular in school attendance and be on time each day to class. Students who are absent from school may not participate in any extracurricular activity the day or night of the absence.

At the discretion of the principal, a statement from a physician may be required to validate extended or excessive absences.

Students shall be counted present when they are serving as pages of the Georgia General Assembly.

For reporting daily attendance, a student must attend for at least one-half of the instructional day before the student can be counted as present. At the high school level, attendance shall be counted

on a class-by-class basis. **Three (3) unexcused tardies and/or three (3) unexcused early dismissals shall be counted as an unexcused absence.**

1. When a pupil is denied bus transportation due to misconduct, his absence from school is not excused. The parent or guardian shall be expected to provide transportation during the time the pupil is excluded from the bus.
2. No pupil shall be allowed to be absent from school during the regular session to take private music, drawing, dancing, or other lessons.
3. A pupil shall not be absent from school or from any class or other required school function during school hours, other than for illness or other providential cause, without written permission of the teacher, principal, or other duly authorized school official, nor shall any student encourage, urge, or counsel other students to violate this rule.
4. According to law, students under 16 years of age must be admitted at any time, but with the understanding that credit is not automatic. Students residing in Houston County, but who fail to enroll during the first 15 days of a semester will not be admitted until the next semester begins if they are 16 years of age or older.

Military Family Deployment - Absences for Special Consideration

The Houston County School System is supportive of our military families, especially during the difficult time of deployment. In an effort to ease the burden of our students who have parents deploying, Houston County Schools will allow up to a total of 10 days of excused absences each academic year to allow families time during the deployment cycle. Absences may be planned to best fit your individual family needs. Excused absences will be allowed for the following situations:

- Pre-deployment, the day before deployment - one day;
- Day of departure - one day;
- Reunion, post-deployment - one day;
- R&R break-up to three days; or
- Travel to visit an injured parent - up to five days.

Other special circumstances will be considered; however, 10 days is the maximum that will be allowed per school year. Students will be responsible for their homework and will need to make up any missed tests or class reports upon return to the classroom. Parents are asked to work with the classroom teacher and their children to ensure that students stay up-to-date on class material.

The form is in the main office and must be filled out and given to the principal for approval. The principal then sends the form to the Assistant Superintendent for Student Services, for processing. You will then receive a confirmation letter from the Student Services office.

Non-Compliant Student - Driver License Suspension

A minor's permit or driver's license will be suspended or application for a permit or license will be denied for ONE FULL YEAR or until age 18 if the minor:

- (a) Has dropped out of school without graduating and has remained out of school for 10 consecutive school days;
- (b) Has more than ten (10) school days of **unexcused** absences in the **current academic year** or ten (10) or more school days of **unexcused** absences in the **previous academic year**;
- (c) Has been suspended from school for:
 1. Threatening, striking, or causing bodily harm to a teacher or other school personnel.
 2. Possession or sale of drugs or alcohol on school property or at a school sponsored event.
 3. Possession or use of a weapon on school property or at a school sponsored event.
 4. Any sexual offense prohibited under Chapter 6 of Title 16 or
 5. Causing substantial physical or visible bodily harm to or seriously disfiguring another person, including another student.

The Department of Driver Services (DDS) will notify the licensee (student) by certified mail, return receipt requested, that a *Certificate of Non-Compliance* has been received, and that his or her instruction permit or driver's license is suspended.

Upon receiving the *Certificate of Non-Compliance*, the minor may request in writing a hearing within ten business days from the date of receipt. Within 30 days after receiving a written request for a hearing the Department of Driver Services (DDS) shall hold a hearing as provided for in Chapter 13 of Title 50, the 'Georgia Administrative Procurement Act.'"

Perfect Attendance

To receive an award for Perfect Attendance, a student may not be absent or tardy, or be dismissed before the end of the instructional day.

ATTENDANCE ZONES

The Federal Courts have approved the neighborhood school attendance zone formulated by the Houston County Board of Education. If the natural parent lives in Houston County, the student must attend the school in which the residence of the natural parent is located regardless of whether the student lives with the parent. The following exception applies:

Children with medical problems documented on the Board of Education standard form by their family physician may be zoned to the school best equipped to meet their medical needs upon approval by the Board of Education.

If the parents are divorced/separated, the child shall be required to attend the school in the attendance zone in which the primary custodial parent resides.

Parents must provide transportation to and from the new school. It is very important that students arrive on time and are picked up on time. If tardiness becomes an issue, the out-of-zone permission will be revoked and the students will be required to transfer to their zoned school. {Please keep in mind the tardy policy: three unexcused tardies equals an absence.} In such cases, the parents must complete an out-of-zone application at the time of the address change. **However, if school personnel determine that a parent or guardian has used false information to enroll a child in a school other than the school zone in which the parent/guardian resides, the child shall be withdrawn not later than the last day of the grading period.** The child shall be required to attend the school in the attendance zone in which the parent resides.

Transfer for reason of change of address will not be granted until the family presents evidence of formal transaction of new housing arrangements or provides the school with proof of housing to be completed within 90 days. Additional information about school attendance zones may be found in HCBCE policies JBCCA and JBCE.

Unsafe School Choice Option

If a student is a victim of a Violent Criminal Offense (as stated in 160-4-8-16/JBCCA Policy) on campus or at a school sponsored activity, he/she may request a transfer to a school who has made adequate yearly progress and has not been identified as being on a school improvement, corrective action, or restructuring plan. This request must be made within ten (10) school days of the commission of the Violent Criminal Offense.

BALLOONS/GIFTS AT SCHOOL

Students will not be allowed to accept flowers, balloons, or other gifts sent to the school during the school day.

BEGINNING AND ENDING SCHOOL TIMES

School begins at **7:30 a.m.**
School ends at **2:45 p.m.**

Any student arriving after 7:30 a.m. will be considered tardy to school. Leaving school before 2:45 p.m. will be considered an early dismissal.

BICYCLES

Students who ride bicycles to school should park and lock them in the designated area immediately upon arrival. Students should not secure more than one bike with one lock. (Do not lock two bikes together). The school is at no time responsible for damage or loss of a bicycle. Students who ride bicycles to school should obey state laws for their safety.

BOOK BAGS

A student's book bag must be placed in the locker upon arrival at school. It is not to be taken out until the end of the day. It must be small enough to fit in the locker. There should be no writing on book bags except the student's name.

BRIDGE Bill: Building Resourceful Individuals to Develop Georgia's Economy

Georgia General Assembly HB 400: May 20, 2010

The purpose of the BRIDGE Bill is to provide a process for the development of an individual graduation plan for each student in Georgia. It allows students and parents to work together to plan for the future...

"Beginning with the 2010-2011 school year, students in the sixth, seventh, and eighth grades shall be provided counseling, advisement, career awareness, career interest inventories, and information to assist them in evaluating their academic skills and career interests. Before the end of the second semester of the eighth grade, students shall develop an individual graduation plan in consultation with their parents, guardians, or individuals appointed by the parents or guardians to serve as their designee. High school students shall be provided guidance, advisement, and counseling annually that will enable them to successfully complete their individual graduation plans, preparing them for a seamless transition to postsecondary study, further training, or employment."

Advisement is a major part of education and career planning for ALL students. The BRIDGE Bill mandates advisement in grades 6 through 12.

Effective advisement is measured by the utilization of the selected Career Information System (CIS) in all middle and high schools. In Houston County, GAcollge411 is being utilized.

GAcollge411

The above site links you to the tool that will assist students with educational and career planning. Students and parents can gather educational and career-related information upon which they can make better and more informed decisions about their futures. Parents are encouraged to go to the site to find out more. Click on the PARENT TAB, and take a tour of what the site has to offer.

A statement requesting your permission to set up an account for your child can be found on the signature page of this handbook.

BUS CONDUCT

The parents or guardians of students have the responsibility of supervision until such time as the student boards the bus in the morning and after the student leaves the bus at the end of the day. The school has the authority to discipline a student for any misconduct occurring on the way to or from school. The school bus is an extension of the classroom. Once the student boards the bus, the student is expected to conduct him/herself on the bus in a manner consistent with the established standards for classroom behavior.

The bus driver shall bring students who do not conduct themselves properly on a bus to the attention of the principal. The bus driver is responsible for the safety of all who ride the bus. Students are expected to comply with reasonable instructions given by the bus driver. The bus driver has the authority to assign seats either temporarily or permanently and to establish rules for safety and proper behavior on the bus. Bus students are not to leave the school grounds before or after school without permission. The bus driver shall report improper student behavior to the principal or appropriate person.

A student who cannot conduct him/herself properly on a bus may have the riding privileges suspended. In such a case, the parent or guardian of the student involved shall be responsible for transporting the student to and from school. In cases of bus vandalism, the student and parent/guardian will be held responsible.

Students are prohibited from any and all acts of physical violence, bullying, physical assault of other persons on the school bus, verbal assault of other persons on the school bus, disrespectful conduct toward the school bus driver or other persons on the school bus, and any other unruly behavior. A meeting of the parent or guardian of the student and appropriate school district officials must be held to form a school bus behavior contract whenever:

1. A student is found to have engaged in bullying; or
2. A student is found to have engaged in physical assault or battery of another person on the school bus.

Students are prohibited from using any electronic devices during the operation of the bus, including but not limited to cell phones, pagers; radios, tape or compact disc players; or any other electronic device in a manner that might interfere with the school bus communication equipment or the school bus driver's operation of the school bus.

Students are also prohibited from using mirrors, lasers, flash cameras, or any other lights or reflective devices in a manner that might interfere with the school bus driver's operation of the school bus.

Minor Offenses

1. Failure to remain seated
2. Refusing to obey driver/monitor
3. Throwing objects on the bus
4. Improper/dangerous conduct boarding or unboarding
5. Inappropriate physical contact
6. Excessive noise
7. Unsafe items
8. Eating/drinking on the bus
9. Discarding trash
10. Extending objects outside window
11. Other disruptive behavior

Consequences for Infractions of Bus Conduct

First Sign of Student Misbehavior: The bus driver will make contact with the parent to ask for help with the student. The driver will document the specific elements of the incident and document the conversation with the parent.

First Bus Report: A conference with the school official, parent, and driver. Suspension from the bus for a minimum of 3 days will follow if the parent fails to attend the conference. A contract will be executed between student, parents, and school.

Second Bus Report: Five (5) days off bus.

Third Bus Report: Ten (10) days off bus.

Fourth Bus Report: Off bus the remainder of the year.

A student may be suspended from the bus for 1-10 days on the first report if the principal determines the incident warrants suspension.

Major Offenses

Although there may be no other bus report, consequences for major offenses begin at the third report level and proceed as reports occur.

1. Disrespect of driver/monitor/administrator
2. Fighting
3. Severe vandalism - restitution required
4. Possession of tobacco

The student will be suspended from the bus for the remainder of the year for behaviors such as possession of weapons or drugs or severe disrespect of the driver. When a student is denied bus transportation due to misconduct, his/her absence from school is not excused. The parent/guardian shall be expected to provide transportation during the time the student is excluded from the bus.

CRISIS COMMUNICATION SYSTEM

The Houston County School System has an automated, emergency calling system which is used in the event of emergencies such as school closings, evacuations, natural disasters, off-campus events, school lock-downs, or other major incidents. The Crisis Communication System delivers a recorded message to parents by telephone. This calling system enables the delivery of a fast, accurate message and is a valuable addition to our school safety program. **Please ensure that your child's school has accurate telephone numbers on file.**

DISCIPLINE

Code of Conduct

It is the purpose of the Houston County School District to operate each school in a manner that will provide an orderly process of education that will provide for the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a policy which requires all schools to adopt codes of conduct which requires students to conduct themselves at all times in order to facilitate a learning environment for themselves and other students. These standards for behavior require students to respect each other and school district employees, to obey student behavior policies adopted by the Board and to obey student behavior rules established at each school within the district.

The school's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit

of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth and referred to in this Code of Conduct.

The Code of Conduct is effective during the following times and in the following places:

- At school or on school property at any time;
- Off school grounds at any school-related activity, function or event, while traveling to and from such events;
- On school buses and at school bus stops.

Also, students may be disciplined for conduct off campus which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process.

The Houston County Board of Education believes that all students should recognize the consequences of their conduct. This refers to their actions toward each other, to their language, to their dress, and to their manners. All student behavior shall be based on respect and consideration for the rights of others. Students need to see that they benefit from an orderly school operation and that they, as members of the school community, have a responsibility and interest in promoting a good learning environment.

Disobedience or open defiance of the teacher's authority shall constitute sufficient cause for disciplinary action and may result in suspension or expulsion from school. When in the judgment of a teacher an individual or group effectively challenges his authority to conduct meaningful instruction in a classroom through disruptive acts, abusive language, or threats of bodily harm, the teacher shall report such activity at once to the principal who is empowered to institute appropriate corrective and/or disciplinary action.

Parents are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

Authority of the Principal

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly or dangerous conduct not covered in this Code, the principal may undertake corrective measures which he or she believes to be in the best interest of the student and the school provided any such action does not violate school board policy or procedures.

The Superintendent fully supports the authority of principals and teachers in the school system to remove a student from the classroom pursuant to provisions of state law, O.C.G.A. 20-2-737.

Progressive Discipline Procedures

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student's discipline history, the age of the student and other relevant factors.

The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designated to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the character traits from Georgia's Character Education Program.

The following disciplinary actions or continuation thereof may be imposed for any violation of this Code of Conduct:

- Warning and/or Counseling with School Administrator, Counselor, or Teacher
- Loss of Privileges

- Isolation or Time Out
- Removal from Class or Activity
- Notification of Parents
- Parent Conference
- Probation
- Detention
- In-School Suspension
- Placement in an Alternative Education Program
- Short-Term Home Suspension
- Referral to a Tribunal for Long-Term Suspension or Expulsion
- Suspension or Expulsion from the School Bus
- Referral to Law Enforcement or Juvenile Court Officials: Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

The maximum punishments for an offense include long-term home suspension or expulsion, including permanent expulsion, but those punishments will be determined only by a disciplinary tribunal as outlined in the Board of Education policies.

Disciplinary hearings shall be held no later than ten school days after the beginning of the student's suspension unless the school system and parents or guardians mutually agree to an extension.

Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parents or students expressly waiving a right to a hearing before a disciplinary tribunal. Such an agreement and waiver must be approved also by the disciplinary tribunal or hearing officer in accordance with local board policy.

Before a student is suspended home for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parents will be notified if possible. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

School officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Student vehicles brought on campus, student book bags, school lockers, desks and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents. Students are required to cooperate if asked to open book bags, lockers or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities which occur outside normal school hours or off the school campus at the discretion of administrators. (See Houston County Board of Education Policy JCAB.)

Student Support Processes

The Houston County Board of Education provides a variety of resources which are available at every school within the district to help address student behavioral problems. The school discipline process will include appropriate consideration of support processes to help students resolve such problems.

These resources include Student Support Teams, school counselors, chronic disciplinary problem student plans.

Parental Involvement

This Code of Conduct is based on the expectation that parents, guardians, teachers and school administrators will work together to improve and enhance student behavior and academic performance

and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. School administrators recognize that two-way communication through personal contacts are extremely valuable; therefore, they provide information to parents as well as on-going opportunities for school personnel to hear parents' concerns and comments.

Parents and students should contact the principal of the school if specific questions arise related to the Code of Conduct.

The Code of Conduct specifies within its standards of behavior various violations of the code which may result in a school staff member's request that a parent or guardian come to the school for a conference. Parents are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support processes designed to promote positive choices and behavior.

Georgia law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student's parent or guardian of the disciplinary problem, invite the parent or guardian to observe the student in a classroom situation, and request at least one parent or guardian to attend a conference to devise a disciplinary and behavioral correction plan.

Georgia law also states that before any chronic disciplinary problem student is permitted to return to school from a suspension or expulsion, the school shall request by telephone call and by mail at least one parent or guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan.

The law allows a local board of education to petition the juvenile court to require a parent to attend a school conference. If the court finds that the parent or guardian has willfully and unreasonably failed to attend a conference requested by the principal pursuant to the laws cited above, the court may order the parent or guardian to attend such a conference, order the parent or guardian to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior, or both. After notice and opportunity for hearing, the court may impose a fine, not to exceed \$500.00, on a parent or guardian who willfully disobeys an order of the court under this law.

This Conduct Code shall be strictly construed subject only to exceptions required by a State or Federal law applicable hereto, and exceptions made by a disciplinary tribunal on a case by case basis.

DRESS CODE

Students of the Houston County School System are expected to dress in a manner that is supportive of a positive learning environment that is free of distractions and disruptions. There is a direct correlation between student dress and student behavior. Students will be expected to observe modes of dress,

styles of hair, and personal grooming, which support the learning environment. The purpose of this dress code is to assure that consistency and interpretation is implemented county-wide, thus providing equitable treatment for all students.

Students must learn that different circumstances influence the type of dress appropriate for particular occasions. Wearing inappropriate dress to school can have a negative influence on the educational process and the educational climate of the school.

Each student, with the advice and counsel of his/her parents or guardian, should dress in a manner, which is appropriate for school and its related activities. Modestly dressed students will generally have no problems concerning student dress codes.

The following guidelines are followed in determining whether or not a student's attire is appropriate.

- The dress, apparel, ornament (jewelry), or grooming is not detrimental to the health and safety of the student or other students. Male students are not permitted to wear earrings.
- The dress, apparel, ornament (jewelry), or grooming is not detrimental to the educational process or the educational climate.
- The dress, apparel, ornament (jewelry), or grooming is consistent with conventional standards of modesty and decorum.
- The dress, apparel, ornament (jewelry), or grooming is free from words, slogans, or pictures, which advertise drugs, alcohol, or sex or which contain vulgar or offensive writing, racial slurs, suggestive pictures or emblems or which may infer membership in gangs.

Dress Code Enforcement

The principal of the school is charged with the enforcement of the student dress code. Students who are found to be in violation of the dress code are subject to disciplinary action. The principal's actions may include:

- Counseling the student

- Calling parents to bring a change of clothes
- Assigning detention
- Placing the student in in-school suspension for the remainder of the day
- Suspending the student short term

All clothing is to be worn appropriately and in the manner for which it was designed. For example, a shirt designed to be tucked in the trousers or skirt should be worn with the shirttail tucked in. Belts should be buckled. The school reserves the right to establish rules during the school year regarding new fashions in dress.

A new entrant is a child entering a school in Georgia for the first time or entering after having been absent from a Georgia school for more than 12 months or one school year. All students, regardless of grade and including foreign exchange students, must have the Georgia Department of Human Resources Form 3231 immunization certificate marked "Complete for School" unless any of the following situations exist:

1. Medical exemption: in this case the 3231 has an expiration date no more than 12 months from date of issue. There must be an annual review of the medical exemption and the certificate must be reissued with or without indication of the medical exemption.
2. Religious exemption: For a child to be exempt from immunization on religious grounds, the parent or guardian must furnish the school with a notarized statement and it must meet the following criteria: (A) State that their religious beliefs conflict with immunization requirements; (B) the statement must be signed and dated by the parent/guardian; (C) The statement must be notarized, dated, and signed by a Notary Public; (D) The statement should be submitted to the school in lieu of an immunization certificate (form 3231); (E) The statement does not expire.
3. Waiver of 30 calendar days granted to new entrants by the superintendent or designee.
4. Waiver of 90 calendar days may be granted by the superintendent or designee to students entering Georgia public schools from out of state, if documentation is on file from the county health department or a medical doctor stating that an immunization sequence has been started and can be completed within the 90 day waiver period.
5. Immunizations are required for diphtheria, pertussis, tetanus, hepatitis B, polio, measles, mumps, rubella, and varicella (chicken pox). Protection against each of these diseases must be addressed on the form 3231. The form can be computer generated and if the child attends more than one school, an original or a photocopy of the form must be submitted to the second school.

Sixth Grade Requirements

All currently enrolled children entering sixth grade on or after July 1, 2007, must meet the following requirements:

1. Two doses of Measles vaccine, two doses of Mumps vaccine, one dose of Rubella vaccine, or laboratory proof of immunity against each of these three diseases.
2. Two doses of Varicella (chicken pox) vaccine or documentation of disease or laboratory proof of immunity. At the time your child entered school, only one dose of this vaccine was required.

EXTRACURRICULAR ACTIVITIES

Student Extracurricular Activities Notification

Each school principal shall implement procedures to annually notify all parents or guardians of all school-sponsored extracurricular activities, organizations and clubs in which students may participate and of the right of the parent or guardian to prohibit their child's participation.

Notification to parents and guardians shall be provided annually via the student handbook and shall include the name of the extracurricular activity, student organization or club; information regarding the purpose, activities or national affiliation of the extracurricular activity, organization or club. Any membership or financial requirements for a student to join or become a member of the activity, organization or club shall be included in the information provided.

No student shall be allowed to participate in any school-sponsored extracurricular activity, organization or club if the student's parent or legal guardian has indicated in writing that the parent will not allow the student to participate and has provided a copy of such written notice to the school principal.

For school clubs formed after publication of the student handbook, parents or guardians must approve their student's participation via email, fax or written permission to the school principal.

School extracurricular activities, organizations, or clubs for purposes of this policy are those that are supervised or sponsored by a school system employee designated by the principal, and that meet in school facilities.

Conduct

Students participating in or attending any school sponsored activities whether on or off school grounds or on the grounds of another school are under the authority of the system discipline policies. Students are expected to practice proper decorum and sportsmanship at all school events.

Student Pick-Up

Students should be picked up promptly following extracurricular activities. Activities must conclude four (4) hours after the end of the school day (on school nights). Appropriate authorities may be called if students are left at a school-sponsored event more than thirty minutes after the conclusion of the event. Efforts to contact a parent or guardian will be made prior to contacting authorities.

Eligibility

Students must pass five subjects the previous semester and be enrolled in five subjects the current semester to be eligible for competitive extracurricular activities. Playing on sports teams or cheerleading in the seventh or eighth grade requires a physical examination and there are age limits. Proof of insurance is also required for participation in sports activities.

Students suspended for disciplinary reasons may not participate in extracurricular activities during the time of suspension. Students who have been “placed” in a grade must earn eligibility the semester prior to participating in extracurricular activities.

Suspension from Participation

Any Houston County student who places himself/herself in a situation that results in the student’s being arrested or charged with any felony offense by any law enforcement agency will lose all privileges of participation in competitive and non-competitive extracurricular or athletic activities sponsored by the school.

The length of suspension from participation in these activities will be until all charges are dismissed by official court order or one (1) calendar year. Conviction shall include any plea or court disposition under the applicable first offender’s statute. If the arrest or charges result in either a guilty plea/admission or conviction/adjudication, the student will lose all privileges of participation in extracurricular or athletic activities for a minimum of at least one calendar year following the guilty plea/admission or conviction/adjudication. After one calendar year, the student may apply to the building principal for the suspension to be lifted. If the student is not satisfied with the decision of the building principal, the student may appeal the matter to the Houston County Board of Education using the tribunal process as set forth in Policy JCD.

Any Houston County student who places himself/herself in a situation that results in the student’s being arrested and charged with any criminal misdemeanor offense by any law enforcement agency, will lose all privileges or participation in competitive and non-competitive extracurricular or athletic activities sponsored by the school in the same manner spelled out in Paragraph 1 above. However, the length of suspension from participation in these activities will remain in effect until the suspension is lifted by a joint decision of the building principal and the Executive Director of Secondary Operations. In the event that said criminal misdemeanor arrests or charges result in either a guilty plea/admission or conviction/adjudication or if the original arrests or charges were reduced from felony offenses to criminal misdemeanor offenses by official court action, the suspension shall be lifted by the joint decision of the building principal and Executive Director of Secondary Operations. If the student is not satisfied with the decision of the building principal and the Executive Director of Secondary Operations, the student may appeal the matter to the Houston County Board of Education using the tribunal process as set forth in Policy JCD. In no event shall the period of suspension in Paragraph 2 exceed one (1) calendar year.

This policy is in addition to any other discipline or other action which the Board of Education may take as to the student.

To request the school district to amend a record, parents or eligible students should write the school principal, specify the part of the record they want changed, and specify why it is inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights. GIFTED EDUCATION PROGRAM

A gifted-identified student, as defined by the Georgia Board of Education, is one who demonstrates a high degree of intellectual, creative, and/or artistic ability(ies); possesses exceptional leadership skills or excels in specific academic fields/ and who needs special instruction and/or special ancillary services to achieve at levels commensurate with the student's abilities. Students, grades kindergarten through twelve, in the Houston County School System who demonstrate a high degree of intellectual, academic, creative and/or artistic ability shall be provided special services by the Program for Gifted Students.

Identified gifted sixth, seventh, and eighth- grade students are served daily in Honors Language Arts and Honors Science with the option of a third class, AC (Accelerated Content) Math. Students must participate in both Honors Language Arts and Honors Science for enrollment in the middle school Gifted Program.

The primary goal of the program is to provide a stimulating and challenging course of study with emphasis on independent learning and critical thinking. The curriculum is supplemented with independent research/science projects and required outside readings. The Honors Language Arts courses are designed to prepare students for the high school gifted and AP English courses. Traditional instruction in grammar, composition, vocabulary, and literature is supplemented with various interdisciplinary units. The Honors Science courses provide a foundation for an advanced Science curriculum in the high school program. Seventh and eighth grade students are required to complete science projects which they enter in an annual county-wide science fair. Winners advance to the State Science and Engineering Fair, Junior Division.

Students currently enrolled in Houston County Schools may be referred for testing at any time during the school year. All referrals will be reviewed by the school's eligibility team for consideration for formal evaluation. Parent permission will be obtained before any formal evaluation is begun, and parents will be notified in writing regarding their child's eligibility for the gifted program.

Gifted eligible students can enter gifted classes at the beginning of the following semester. Gifted students who were enrolled in a gifted program from another state will be evaluated immediately upon receipt of records. New students who were in a gifted program in Georgia will be placed upon written confirmation of eligibility. Students in grades six and eight will be automatically referred based on county-wide standardized test scores. Gifted eligible students who are automatically referred may enter gifted classes at the beginning of the following semester.

For further information, contact the Gifted Lead Teacher, a counselor at your child's school, or the Director of Gifted Education.

Gifted Program Continuation Criteria

All students placed in the Houston County Gifted Program must meet eligibility criteria established by the Georgia Department of Education. According to state regulations, criteria for continued placement shall include satisfactory performance in both gifted and regular education classes, as well as provisions for a probationary period. The following Gifted Program Continuation Criteria for students in Houston County Schools are as follows:

Grades - The student shall pass all gifted and regular education classes as well as maintain an 80.00 average each grading period. In elementary and middle school, this average is computed using grades

from the four core subject areas only. For the purposes of this policy, grading period shall be defined as each nine-week grading period in elementary and middle schools and each semester in high school.

Probation/Withdrawal - Any student failing to meet the criteria for grades shall be placed on probation for one grading period. Students not performing satisfactorily during the probation period shall be removed from the program at the conclusion of that grading period.

Re-Entry - Re-entry is available at the parent's request under the following conditions:

- a. Re-entry may be considered only at the beginning of an academic year.
- b. The student must have met continuation criteria each grading period from the time of withdrawal to the time of requested re-entry.
- c. A student may re-enter without being retested if and only if re-entry is requested and granted at the first possible opportunity.
- d. Gifted students who are suspended long-term or expelled from school are not eligible for gifted services. However, those students who apply for admission to a system alternative school and who attend for the duration of their suspension or expulsion are eligible for re-entry into the Gifted Program upon returning to their home school. Additional testing/evaluation is not necessary in this instance.

GRADES

All grades will be reported using the following numerical system:

90 - 100	=	A
80 - 89	=	B
70 - 79	=	C
Below 70	=	F (no credit)

Conduct will be graded using S-satisfactory, N-needs improvement, U-unsatisfactory. Conduct grades do not reflect progress in a subject area, but are a status report concerning a student's behavior.

GUIDANCE AND COUNSELING

The guidance office is open to any student at any time. It is best to stop by in the morning to make an appointment. Through guidance, a student can achieve greater awareness of who he/she is, what he/she is capable of, and what he/she can become. The guidance counselor collects information about each student in order to help the student understand himself/herself. Tests, autobiographies, and interviews are some of the ways counselors collect information. Counselors treat information about individual students with confidentiality. The counselor is available to help students with any problems. The problems listed below are only a few of the types of problems one may experience in middle school.

1. Why are all my friends mad at me?
2. What good are those standardized tests we take?
3. My parents don't seem to understand me.
4. I don't know how to study. Can you help?
5. Why is homework necessary?
6. Is it necessary to follow the crowd?

HEALTH SERVICES

Medication At School

Prescription medicines will be given to students by school personnel only when prescribed and ordered by a physician and when the following guidelines are followed:

1. School personnel must be informed by a written note from the parent directing that medication be given to the student at school. Specific information regarding medicine, dosage, and time to be given must be clearly stated.

2. Medication forms (HRS 29) are available to be filled out by the physician and parent in cases of long term medication (more than two weeks.)
3. All medication must be presented to the school office in a prescription labeled bottle, which will include student's name, date, instructions for administering, name of drug, and name of issuing physician.

Non-prescription medicine, over the counter medicine, such as Tylenol, will be given only for a short-term duration i.e. two consecutive weeks or for a total of 10 times through the semester without a physician's order. Medication must be in the original container and accompanied by written parental request and direction for administering. (Form HRS 29C)

HERBAL Medications will not be given without an order from the student's physician.

Expired medication will not be given. Please check for expiration date before bringing medications to school.

All medication will be kept in the school office.

Students requiring an inhaler or EPI pen are allowed to have them at all times. It is critical that you discuss your child's medical condition(s) with the principal, teacher(s), and school nurse.

Head Lice

Head lice can infect anyone, not just children.

Head lice are spread only through head-to-head contact.

Lice are more common among preschool and elementary school-aged children and their families. Head lice cannot live on pets or animals, only on humans. No diseases are spread by head lice.

How do I know if we have head lice?

- A few people will get an itchy scalp. Nits or eggs may be found close to the scalp and are hard to remove. Live crawling lice can be found throughout the scalp.
- The scalp will itch for many reasons AND for weeks after detection.
- Black specks may be found on the pillowcase (this is the droppings)
- Some people have no symptoms at all
- Once lice are found on a student's head the child has had lice infestation for at least 7-10 days

If your child is found to have active crawling head lice, you will be called to pick him/her up.

A letter will be sent home with these directions:

1. Inspect each member of your family daily for 3 weeks (then routinely once a week). Look closely at the scalp and you will see small, yellowish-tan nits (eggs) firmly attached to the hair shaft. They are not easily removed.
2. Treat each member infested (DO NOT treat unless there are live, crawling lice or eggs present; treatment WILL NOT prevent head lice). Several safe products are on the market. When used as directed, these products will kill the lice. REMOVAL of ALL nits (eggs) is the only way to stop the repeated problem.
3. ALL personal clothing, bed linen, towels, combs, and brushes must be washed in hot water with a strong detergent.
4. Items unable to be washed should be vacuumed (mattresses, furniture, carpets, stuffed animals).
5. A repeat shampoo treatment with the medicated product should be done 7-10 days after the first shampooing was done. This will kill any hatched eggs that were not killed or removed during the first treatment.

Please help the school prevent lice outbreaks by encouraging your child not to share clothing items or other personal items such as combs, brushes and towels with friends. The school nurse is available for consultation with difficult cases.

Crossroads Center Mandatory Uniform Dress Code Policy

The main purpose of the dress code at Crossroads is to minimize problems caused by giving at-risk students the responsibility to dress themselves within the norms set by the Board and society in general. Our desire is to impress upon our students that appropriate dress of some sort will be required of them once out of school in almost any work they do. The main element of the proposed code is to avoid anything that would cause undue attention to the student and may cause disruptions in the classroom.

Crossroads Dress Code will be enforced from the moment students enter the building each morning and will continue until the students exit the building for dismissal each afternoon.

It is suggested that the critic file the complaint which will be submitted to the school Media Committee appointed by the principal. If a parent or guardian objects to a reading assignment made by a classroom teacher, the parent may request in writing that the student be given a comparable alternative assignment without penalty. In so doing, the parent should state the reason for the request.

PARENT PERMISSION TO DROP OUT

When a sixteen or seventeen year-old student desires to withdraw from school, he/she must have the written permission of his/her parent or guardian prior to withdrawing. Prior to accepting such permission, a school administrator will have a conference with the student and parent/legal guardian within two school days of receiving notice of the intent of the student to withdraw. The purpose of the conference is to share with the student and parent/guardian educational options available and the consequences of not earning a high school diploma.

PERFECT ATTENDANCE

To receive an award for PERFECT ATTENDANCE, a student may **not** be absent or tardy, or be dismissed before the end of the instructional day.

PROMOTION POLICY

Students must pass five (5) subjects for the year with a seventy (70) average. Four (4) of the subjects must be from the academic block (language arts, social studies, science, and mathematics). One may be from the exploratory series.

RELEASE OF STUDENTS

The school may not release a student to any person other than the person who enrolled the student in school. If an individual other than the person who enrolled the student in school is authorized to take the student from school on a regular basis (e.g., a grandparent or other relative, childcare provider, etc.), the person who enrolled the student in school must notify the school of such in writing, and this notification should be placed in the student's record. **A PICTURE ID MAY BE REQUIRED BEFORE THE STUDENT WILL BE RELEASED.** If someone other than the person who enrolled the student in school (or an individual authorized in writing by this person) attempts to take custody of the child or to remove the child from the school, the school will immediately contact the person who enrolled the student in school. If a person who attempts to take custody of the child without consent of the person who enrolled the student in school refuses to leave the school or causes a problem the school should contact the appropriate law enforcement agency. (This provision shall apply with respect to State or local law enforcement officers.)

SAFE & DRUG-FREE SCHOOLS NEEDS ASSESSMENT PARENT INFORMATION

The Houston County Board of Education has approved for the Statewide & Local Needs Assessment to be administered to students in grades 6, 8, 10, and 12 (Georgia Student Health Survey II). These surveys require 20 minutes to complete, are totally anonymous and pertain to school safety and student involvement in substance abuse and violent situations.

Our main goals in the Safe and Drug-Free Schools program:

- 1) To assist in maintaining a school environment that is free of drugs and violence;
- 2) To promote an atmosphere that allows teachers to teach and students to learn; and

- 3) To offer experiences that involve students in applying the concepts of decision-making and accepting responsibility for their behavior.

Sample Questions of the State Needs Assessment are as follows:

- * I feel successful at school.
- * I know what to do if there is an emergency at my school.
- * I have been bullied by other students in the past 30 days.
- *Perception Statement: I think alcohol is harmful to my health.

SCHOOL DAY

For daily reporting purposes, students must be present at least one-half of the instructional day to be considered present (students must be present by 11:00 a.m./or dismissed after 11:00 a.m.). To receive **Perfect Attendance**, a student may not be absent, tardy, or dismissed before the end of the school day at 2:45 p.m.

SELLING AT SCHOOL

Students are prohibited from selling items to other students at school.

SEXUAL HARASSMENT

The Houston County Board of Education will not tolerate sexual harassment in any form by any person.

It is the policy of the Houston County Board of Education to maintain a learning environment that is free from sexual harassment. It shall be a violation of this policy for any person to harass a student, an employee, or any other person through conduct or communications of a sexual nature as defined below. It shall also be a violation of this policy for students to harass other students through conduct or communications of a sexual nature as defined below.

1. Submission to such conduct is made, either explicitly or implicitly, as a term or condition of employment or an individual's education;
2. Submission to or rejection of such conduct by an individual is used as the basis for promotion or academic decisions affecting that individual; or
3. Such conduct has the purpose or effect of substantially interfering with an individual's academic or professional performance or creates an intimidating, hostile or offensive academic or work environment.

Any person who has knowledge of or suspects that sexual harassment is occurring within the system shall immediately report the same as provided for in the Student or Parent grievance policy.

The right to confidentiality, both of the complainant and of the accused, will be respected consistent with the Board's legal obligations, and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has occurred.

All allegations of sexual harassment shall be immediately reported to the Superintendent or his/her designee, be fully investigated, and immediate and appropriate corrective or disciplinary action shall be initiated by the Superintendent. A substantiated charge against an employee shall subject such person to disciplinary action, including discharge.
