## Accelerated Reader (A.R.)

Monday, January 9, 2012 we will begin the process to upgrade our AR program to the newer web based software. This will give us access to all the AR quizzes available through the company; however, it will also mean that the AR program will not work for a few days and it will run a little differently once the upgrade is in place. Please be patient with us as we get the new version running and teach our students and teachers how to use it.

## A.R. Store

Please remember to send in gently used books, toys, games, etc. for the AR Store to the Media Center.
